MONTGOMERY
TOWNSHIP, NEW JERSEY

MONTGOMERY TOWNSHIP NEWSLETTER • FALL 2022

MOVING MONTGOMERY FORWARD, TOGETHER

The summer of 2022 will be remembered as the start of new beginnings in the Township of Montgomery. In late June, we opened the Montgomery Municipal Center featuring a branch of the Somerset County Library System. The 62,500 square foot building offers residents a modern venue for township meetings and business, while providing employees an updated space to deliver high-quality services.

At the ribbon cutting, we were joined by residents, county and state elected officials, and township employees to celebrate. Later in the month, we held our first Township Committee meeting in the open and airy chambers. We also had the opportunity to recognize MEMS cadets and Montgomery Eagle Scouts for their service to our community. As we continue getting acclimated to the new building and its many features, please be patient with staff.

This summer also saw the return of Montgomery's fireworks for the first time in two years. The evening was well-attended, with over 7,000 residents and neighbors coming out to enjoy music, food, and fireworks. Thank you to our community partners who made the event possible through financial contributions and volunteerism.

While we wish Covid-19 was only a part of history, it is quickly becoming part of everyday life. Please remain vigilant and stay up-to-date on booster vaccines. We will continue offering clinics for residents through the fall, including opportunities to receive the annual flu vaccine.

We look forward to seeing you at an upcoming event where many memories will be made in the municipal center. ■
